

# R7184U Interrupted Electronic Oil Primary

**Honeywell**

**Make one-stop service calls with the Honeywell R7184U electronic oil primary.** The Honeywell R7184U is a universal control that replaces multiple controls, provides upgrade opportunities and is EnviraCOM™-enabled. Stock fewer models, simplify service calls with built-in diagnostics, satisfy your customers and increase revenue with the industry's best choice for oil burner service work.

# R7184U Interrupted Electronic Oil Primary

## Ready To Roll

Honeywell has designed the R7184U for easy installation and operation in both hydronic and forced-air systems. The state-of-the-art features of this oil primary make this control truly universal, replacing all others on your truck.

### Features:

- Interrupted ignition
- Limited reset and recycle
- Diagnostic LED
- Pump priming cycle
- Displays cad cell resistance
- Valve-on and blower motor-off delay
- Disable function
- EnviraCOM™-enabled
- Alarm contacts

## EnviraCOM™

All Honeywell R7184U oil primaries are EnviraCOM-enabled. EnviraCOM is a low-cost 3-wire communication protocol that allows different devices — such as EnviraCOM communicating thermostats,

## Automation and Control Solutions
